

Fundraising Program

FUN FOR LIFE CLUB™
INTERNATIONAL

INTRODUCTION

Hello and welcome to Fun For Life Club International. We are excited to offer you and your organization, church or charity a unique fundraising concept that can create ongoing residual funds as well as vacation week giveaways that can be used for your existing fundraising initiatives.

In the world today there are so many non-profit organizations that need additional sources of funds to carry out their mission. Under-funded organizations never seem to have a chance to reach their full potential.

Whether you have a new facility to build, programs to run, or people to help, Fun For Life Club International has developed a unique Fundraising Program to assist you in your fundraising initiatives.

Our Fundraising plan allows non-profit organizations to raise funds by promoting the sale of vacation packages to their members.

After seeing the incredible value and beautiful resort destinations at greatly reduced prices your supporters will be thrilled to participate by simply reallocating their existing travel dollars for much more luxurious options at greatly reduced pricing all the while supporting their favourite charity. We create a win-win both for you, your organization and existing members.

The program is simple to manage with none of the stresses and expense of coordinating volunteers, planning large events, or organizing donor drives. We make it easy for you and your supporters to participate.

Fun For Life Club International feels strongly about giving back and is proud to gift a vacation package to your charity (a \$299 USD value) and your organization will be qualified at the highest rewards level, an L4 FunAffiliate Status, for a lifetime.

With your free fundraising vacation package you will be gifted a position in our Club Points Rewards Program which can generate an ongoing source of revenue. You will also receive your very own website that will track all activities and funds generated for you. Your membership comes with **one FREE FunWeek certificate** which has a wholesale value of \$250 USD and can be used for a raffle, draw, and giveaway or however your organization chooses.

So, how does this work? Encourage your members to view your organization's website, watch the video, check out the fabulous resort destinations around the world at incredible prices, and have them select a vacation package that's right for them. For all vacation packages purchased through your website you will receive Club Points that can be redeemed for future vacations or cash for your organization.

This is a tremendous opportunity for your members to support your cause, travel the world, and have Fun For Life!

OUR CONCEPT

Fun For Life Club International is an exciting innovative new concept, which is revolutionizing the vacation industry. We offer quality vacations throughout the world at special Club Prices, and we offer a Club Points Rewards Program to those who share these great values with others.

We use the power of our memberships to secure vacations at tremendous values at vacation properties to which the ordinary traveler may not otherwise have access. Most of these properties are not available through your typical tour operator or travel agent.

We strive to ensure we offer quality properties throughout the world. The luxury accommodations we secure on behalf of our members include:

- 1-bedroom condominiums (sleeps up to 4)
- 2-bedroom condominiums (sleeps 6)
- 3-bedroom condominiums (sleeps 8)

Our prices are by the unit, not by occupancy - providing you with a significantly greater value.

We harness the most powerful marketing tool ever known to man - word of mouth. No other advertising method, even in today's technology, can measure against the power of word of mouth.

We utilize leading Internet technology in the presentation, marketing and management of **Fun For Life Club International**. Your destinations may be viewed online, and selected and reserved through your very own website from anywhere in the world. People can explore these opportunities on your website and make their purchase or enroll to become a FunAffiliate from anywhere in the world. Through our website access and extensive selection of vacation destinations, we are truly a global business and reach beyond many borders.

CONFIDENCE STATEMENT

Fun For Life Club International has been developed with the interests of its members being the primary consideration. The strength, value and sustainability of Fun For Life Club International is best achieved by not only assessing the systems, organization and structure of the company, but more importantly, the issues, concerns and needs of its members. It is through addressing and meeting those issues, concerns and needs, and continuing to do so on an ongoing basis, that Fun For Life Club International will be a solid and sustainable vacation and business opportunity.

Leading legal experts in the areas of travel law, time share law and direct marketing were consulted regarding the design, legality and licensing of this program.

In website design, we explored a number of providers and selected a firm that has a strong history of website design, building and hosting, and also specialized in compensation plans for direct marketing companies.

In Certificate redemption, we focused upon developing systems that allow a simple process for our members to reserve their vacation properties.

Regarding Bonus Payments, a careful analysis has been made regarding the potential bonuses payable as a result of sales that occur, and such sums are reserved for payment to qualified participants on their very own Scotiabank Visa Card.

We are confident that we have taken every reasonable measure available to us to protect Fun For Life Club International and all of its FunMembers and FunAffiliates.

Vacation Accommodations - Hotels vs. Resorts

Vacations should be a time of rest, relaxation and rejuvenation - a couple of weeks each year that you can pamper yourself and enjoy the better side of life.

The unfortunate thing is that most people end up staying in inferior accommodations, cramped up in a small hotel room.

By the time they get home they feel like they need a REAL vacation!

A hotel room today ranges from \$60 to \$400 USD a night with the **average 3-star hotel ranging from \$100 - \$150 USD** in a nice destination.

Not only is the price high just for a place to sleep but you are then required to eat every meal out, which for a couple or family will **double or triple your daily costs, leaving little to no money for fun and recreation.**

Our society's increasing priority to vacation and dissatisfaction with hotel accommodations, led to the boom of the Timeshare and Vacation Ownership Industry which started in the 1980's and continues to grow today

There are several reasons why this industry has become very popular:

1. **Superior Quality Accommodations.** Instead of staying in an average 3-star hotel, why not stay in a premium vacation ownership resort.
2. **Greater Occupancy.** Vacation Ownership resorts offer 1, 2 and 3-bedroom condos, allowing families and friends to stay together with **extra space and privacy.**
3. **More Amenities.** On average, units offer nearly **300% more space** than a hotel room and include a fully equipped kitchen, dining area, living area, and often a deck or patio. Typical amenities may include VCR, CD player/stereo, gas BBQ, Jacuzzi tubs, and in-room washer/dryer.

Vacation Ownership sales soared last year to over **\$10 billion** with purchases being made by over **800,000 families.**

Vacation Ownership has many benefits but unfortunately comes with obligations such as **high purchase prices** (\$10,000 - \$30,000), **high interest financing**, **annual maintenance fees** (\$350 - \$1,200), **exchange company membership fees** and **exchange fees for every week booked.**

Wouldn't it be great to enjoy vacation ownership without any of the obligations?

Wouldn't it make sense to stay at these resorts whenever you want, and for as long as you want, on a **pay-as-you-go-basis** at prices much lower than **RENTING or OWNING?**

The answer is obvious - YES!
